Now is the Time for All Good Men to Come to the Aid of Their Country

The only time in the history of the nation has patriotism been offered at a bargain price, but here it is in the form of a plan to help in a great conservation movement by planting improved, thin-shelled, black walnuts at less than half price.

No higher ideal in life can be obtained than that of so formulating one's life program that posterity can be benefited — a much finer patriotism than dying on the battlefield for political cause.

To clean up a scattered block of trees, we are making this offer and hope as many as possible will take advantage of it.
